

OPINION  
69-357

May 28, 1969 (OPINION)

Mr. Ellis L. Berg

Executive Secretary

North Dakota Poultry Improvement Board

RE: State - Poultry Improvement Board - Feed Manufacturers

This is in reply to your letter of May 19, 1969 with regard to licensing of poultry feed manufacturers.

You state that an identified entity, we presume to be corporate in nature, "is manufacturing poultry feed" at a named city within this state.

Your letter quotes relevant portions of section 4-13-10.

Your question is stated as:

Is \* \* \* (the named entity) required by this law to be licensed and pay tonnage fees on the feed they manufacture and sell in North Dakota."

In reply to your stated question, our opinion is: Yes.

HELGI JOHANNESON

Attorney General
